# Curriculum Write Up!

Creative Curriculum – Bread Study – 4 weeks long

**Week 1** – Objective: What is bread?

Book: Bread, Bread, Bread

**Week 2** – Objective: How is bread made?

Book: Jalapeno Bagels

**Week 3** – Objective: What can we make with bread?

Book: Too Many Tamales

**Week 4** – Objective: Who works with bread?

Book: Stone Soup

Summary: This study will support children's natural tendency to examine, taste and explore breads of all kinds. We will investigate the characteristics of bread, make predictions about how bread is made and experiment with materials used to bake bread throughout the month. This study will allow the class time to expand in skills such as math, literacy and science. Our preschool class loves learning and snacking. Why not take this as an opportunity to do both.
